## CRIME PREVENTION TIPS

Thefts from vehicles occur at all hours, day and night. Most auto-burglaries are crimes of opportunity, that are preventable. From what I have seen, most car burglaries occur when something to steal is in plain view. It only takes a little extra effort to secure your valuables, but it will take only a few seconds more for a thief to break in and steal valuables left in plain sight.

**Don't leave valuables in your car.** That sounds like "common sense", but drivers/passengers do leave items of value in plain view every day. If you leave valuable items visible in your car, your car is automatically a target.

**If you must leave valuable items in your car while out and about, place items out of sight before reaching your destination or move them inconspicuously.** This includes packages, backpacks, gym bags, GPS units, MP3 players, and so forth.

One reason SUVs and pickups are common auto-burglary targets is because they don't have a "trunk" to hold valuables — the driver/passenger generally just "hides" their valuables "out of sight". The thieves know this, and do check glove compartments, behind seats, and under seats. It only takes a few seconds to check all the "usual" hiding places.

***Once home, unload your valuables immediately. Do not store valuables in your car any longer than necessary, and certainly never overnight.***

**Don't leave any "sign" that there might be valuables in your vehicle**, such as docking stations or connector cables. Leave nothing in "plain sight" that might make your vehicle worth "investigating" by a thief; not even loose coins or a CD.

**Lock ALL your vehicle's doors** even if you plan to be gone for only a brief time. Every year, we have items stolen from unlocked vehicles where the owner was only going to be gone "just for a second". It only takes seconds to steal your valuables! It's not uncommon for thieves to walk down a row of parked vehicles and check vehicle doors to see if they are unlocked and to look in them as they pass. Don't leave **any** window open or even cracked open, including vent/wing windows and sunroofs.
